1 INTRODUCING MELAKA, MALAYSIA

Melaka, known as 'The Historic State', is the third smallest state in Malaysia after Perlis and Penang. It is located in the southern region of the Peninsular Malaysia, next to the Straits of Melaka.

Its capital is Melaka City, which is 148 kilometres (92 miles) south east of Malaysia's capital city Kuala Lumpur. This historical city has been listed as a UNESCO World Heritage Site since 7 July 2008. Malacca has numerous historical places and buildings. In order to preserve those sites, numerous museums have been built to preserve those legacies.

2 INTRODUCING UTeM

Welcome & Selamat Datang to Universiti Teknikal Malaysia Melaka (UTeM), the 1st Technical University in Malaysia. Situated strategically in the UNESCO Heritage Site of the Historical City of Melaka, UTeM operates from three campuses namely the Main Campus, the City Campus and the Technology Campus

The operations of seven faculties are supported by two learning centers which enable UTeM to attain prominence in providing technical and technology-focused academic programs in engineering, engineering technology, ICT, and technology management and technopreneurship.

National Park, Pahang

3

UTeM GLOBAL OUTREACH PROGRAM

This program exposes participants to the essence of Malaysia. Within the two-week stay (29th July – 12th August 2018) in Melaka Malaysia, you will get to experience:

- Our special technical and entrepreneurship program.
- Malaysian countryside lifestyle through the Homestay Program with selected local families.
- The Tropical Rainforest at National Park in Pahang and Tropical Island.

Eligibility

- Must be at least 18 year old.
- Must be enrolled student.

Application Period

From 1 January 2018 - 30 June 2018

How to Apply

Documents required

- * Application form
- * Copy of passport
- * Photo (passport size)
- * Student transcript
- * Student certification letter

Submit completed documents to:

- payjun@utem.edu.my OR
- fahim@utem.edu.my

Fees

USD 750

Payment Dateline
5 July 2018

Fee includes accommodation, meals, airport pick-up and drop-off, scheduled local transportations, sightseeing / tours, course materials and all the activities provided.

***Flight ticket and insurance are not included.**

*** Airport pick-up time**
9:00 MYT - 15:00 MYT

*** Airport drop-off time**
14:00 MYT - 20:00 MYT

Cancellation Policy

Before
8 July 2018
00:00 MYT
Full refund

Before
15 July 2018
00:00 MYT
50% refund

After
15 July 2018
00:00 MYT
Non-
refundable

Banking Information

<input checked="" type="checkbox"/> Beneficiary Name	Universiti Teknikal Malaysia Melaka
<input checked="" type="checkbox"/> Account Number	04042010000833
<input checked="" type="checkbox"/> Bank Name	Bank Islam Malaysia Berhad
<input checked="" type="checkbox"/> Branch	Ayer Keroh, Melaka
<input checked="" type="checkbox"/> Address	No.1&3, Jalan KF4, Kota Fesyen – MITC, Hang Tuah Jaya, 75450 Ayer Keroh, Melaka.
<input checked="" type="checkbox"/> Swift Code	BIMBMYKL

UGoReach Meals

Breakfast, lunch and dinner are served throughout the two-week program (except during the sightseeing to Melaka City, Kuala Lumpur & Putrajaya and the journey back and forth to Pahang). The cost for one meal is around USD 3.

Foods will be served in buffet style on-campus and in packaging style while off-campus

Financial Information

During this program, you should also bring extra money. Transaction in Malaysia is done mainly in Ringgit Malaysia (RM). Should you have to exchange money after your arrival here, money-changer services are widely available. Credit cards, VISA and Mastercard are widely accepted in large stores.

Rough estimation for daily needs are:

Mineral water 600 ml
RM1.50 / bottle

Snacks
RM2-4/each

Sim Card
RM30-60/each

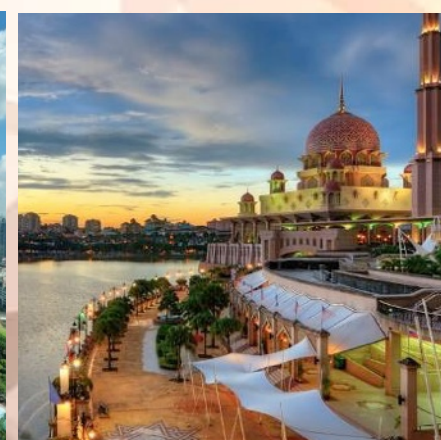

Climate & Weather

Malaysia faces two monsoon seasons, the Southwest Monsoon from late May to September, and the Northeast Monsoon from November to March.

The coasts have a sunny climate, with temperatures ranging between 28°C (during the night) to 34°C (during the day).

Lightweight clothing are suitable at any time of the year.

Dress Code

During the on-campus program, you are required to wear casual, with jeans and collar shirt for the gents, jeans/knee-length skirt/long skirt & collar shirt/blouse for the ladies, and shoes/sneaker (all students are required to follow the dress code regulation once on-campus).

During the off-campus program, there is no dress-code. However, it is advisable to bring an extra tracksuit and t-shirt as we will be spending 3 days & 2 nights at the tropical rainforest.

You may also bring your best traditional clothing to be worn during the dinner on the last day.

	18.00 - 21.00	○	Seafood Dinner at Melaka	
SUNDAY 10 August 2018		★	Departure of Participants	KLIA / KLIA2

Program Details

Course A: Technical Program

BATTLE OF TERMINATORS

The Saga of Terminator will be realized by your ingenuity and creativity. Along one day technical programme at Faculty of Mechanical Engineering, you will enjoy the journey by acquiring basic knowledge of mechanism, control and mechanism programming. Afterward the challenge for you is to apply your new knowledge to design and construct basic robot imitate mechanical models and mechanism using Lego Mindstorms EV3.

At the end of the day, your ability of designing the robot will be challenged in a competition. Naturally, the best will be rewarded.

TIME	VENUE	ACTIVITY
09.00 - 10.00	KMK	Lab visit / FKM Presentation
10.00 - 10.30	KMK	Refreshment
10.30 - 11.30	BK1	Introduction to Mechanism
11.30 - 12.30	BK1	Hands-on Mechanism
14.00 - 15.00	BK1	Hands-on Mechanism (Cont.)
15.00 - 16.00	BK1	Competition

INTRODUCTION TO MECHANISM

Basic mechanical lecture on mechanism and control using Lego Mindstorms. Constraints and capabilities of Lego Mindstorms to imitate mechanical models and mechanisms. Basic mechanism programming using.

Hands-on Mechanism

Hands-on assembly and design of mechanical mechanism using Lego Mindstorms parts. Mechanism programming and testing.

Competition

Competition of mechanism model among groups. Performance evaluation and activity's conclusion.

Homestay Sg. Rambai

Homestay Sg. Rambai Kampung Parit Penghulu which is located within an area of a homestay program called Arotourism Homestay Kampung Parit Penghulu. It is located in Sungai Rambai, about 30 km (25 minutes) from Malacca Town and about 15 km from Muar Town. The homestay is well-known and famous with its Java and Malay community.

The homestay won the 2008 / 2009 Best Homestay Award from The Malacca Tourism Promotion Division Department because of the excellence services they provide to guests and their facilities.

The activities include tour of the village, paddy field, rubber tapping demonstration, harvesting palm oil, batik canting demonstration, coco-fiber brush demonstration, explorace, traditional sports competition, traditional house and cultural show.

National Park, Pahang

Eventhough rainforest only constitute less than 10% from total forest in the world, more than half of plants species are found there. However, the native plants and animal species in the world's tropical rainforests are becoming extinct due to deforestation and agricultural expansion. Deforestation increases the level of greenhouse gases, contributes to global climate change, soil erosion, drought and flooding.

Taman Negara is the most extensive protected area of pristine, lowland, evergreen rainforest in Malaysia. The stated purpose of Taman Negara is "to utilise the land within the park in perpetuity, for the propagation, protection and preservation of indigeneous flora and fauna".

Dating back over 130 million years, Taman Negara is one of world's oldest tropical rainforest. Taman Negara rainforest, however, was blessed with a location far enough away from the ice that it developed 130 million years ago - far earlier than those of Africa and Latin America. The forest itself is one of the most ancient on the planet, far older than the equatorial forests of the Amazon or the Congo. It has for tens of thousands of years been the home of nomadic forest people, and ancient civilizations have flourished as well as disappeared in its vastness.
